AT 6:00 PM, DEPUTY SUPERVISOR WALBRIDGE CALLED THE MEETING TO ORDER WITH A PLEDGE TO THE FLAG.

ADDRESS TO BOARD:

Chester Lawrence, Malone resident, requested time to address the Board regarding the environmental review/traffic study of the former MIREP racetrack, now known as Malone Speedway. Mr. Lawrence is concerned about the safety of entering and exiting the raceway, with only one (1) access on Rt. 11. He said that the traffic study done for MIREP calls for two (2). **Attorney Anderson-Duffy** reported that she had received a letter from Attorney Nathan Race, on behalf of the racetrack owners, saying that everything about speedway operation was to be identical to when it was MIREP. As such, the comprehensive SEQR done at the time of MIREP (mid-1990's) was considered to cover the new enterprise, and a new study unnecessary. Now that conditions do not appear to be the same, the Town Attorney recommends a supplemental Environmental Impact Statement (EIS), and advises the Town to not issue a Certificate of Occupancy until that is done. She said sound dampening was a huge issue and part of the mitigation was to be a cedar hedge along a painted fence. **Bryan Hughes**, Attorney for the Malone Raceway said that there are actually four (4) entrances and exits with two (2) on Brainardsville Road (CR24). There was discussion about ingress and egress to the site, past and present. The Town Attorney said any change to the original plan is subject to new study. **Gerry Landry**, of Malone, expressed concerns about any deviation from the original SEQR. He also asked whether the Town was listed as "Other Insured" on the project liability policy. **John Fountain** stated that **Town Code Officer Crossman** has approved the project every step of the way and was ready to issue a Certificate of Occupancy. He added that if the raceway was not allowed to open now, it would be a "death stroke". He said the only reason Mr. Lawrence objects to the plan is money – he wants to get paid for use of his land. **Ben Dixon** a resident of Goodman Road agreed that the controversy would "go away" if Mr. Lawrence got paid. **Attorney Anderson-Duffy** said the problem lies with a change in alliances. **Attorney Hughes** asked for an abeyance to allow time to review the impact statement with Attorney Anderson-Duffy.

* On the motion of Councilor Caplan with a second thereto by Councilor Taylor to postpone any action on Malone Speedway issues for one week, with a special meeting to be held on July 2nd at 6:00pm for further review.
