WHEREAS, Quantum DPI Group Inc., submitted an application to the Village of Malone for a 5.0 MW solar farm at 189 Fort Covington Street, Malone, NY 12953, and

WHEREAS, Quantum DPI Group Inc., an application that is currently incomplete, to the Town of Malone for a 4.5 MW solar farm at 189 For Covington Street, Malone, NY 12953, and

WHEREAS, on or about February 14, 2024 the Village of Malone declared its intent to claim lead agency for purposes of the State Environmental Review Act (“SEQRA”) on the

Thomas Hill Village of Malone Solar Farm Project, and

WHEREAS, SEQRA prefers related actions to be reviewed together and considering only part of an action is contrary to the intent of SEQRA, and

WHEREAS, the Thomas Hill Village of Malone Solar Project and the Thomas Hill Town of Malone Solar Project will have similar environmental impacts because they are located at the same address and the construction and operation schedules of the projects are identical, and

WHEREAS, the Town Board of the Town of Malone believes the SEQR process for both projects should be combined so there is not improper segmentation, and

WHEREAS, the Town Board of the Town of Malone has the capability and resources to be lead agency of the combined SEQRA review, and

NOW THEREFORE, the Town Board resolves to object to the Village of Malone’s declaration of lead agency of the Thomas Hill Village of Malone Solar Project.

AND THEREFORE, the Town Clerk is hereby directed to enter this resolution and the attached letter to the Village providing written notification of the Town of Malone’s objection in the minutes of this meeting.

AND THEREFORE, the Town Clerk is hereby directed to send this resolution and the attached letter to the Village providing written notification of the Town of Malone’s objection to their declaration of lead agency of the Thomas Hill Village of Malone Solar Project.

Dear Mayor Dumas, Village Trustees, Village Clerk and Village Code Officer:

The Town of Malone objects to the Village of Malone taking lead agency for the Thomas Hill Village of Malone Solar Farm Project. There are two proposed solar projects on a contiguous parcel of land both proposed by Quantum DPI Group Inc. but one is in the Town and one is just

over the border in the Village. The Town of Malone believes State Environmental Quality Review (“SEQR”) of both projects should be combined.

A single integrated environmental review is necessary for the Thomas Hill Town of Malone Solar Project (“Town Project”) and the Thomas Hill Village of Malone Solar Project (“Village Project”) (or combined “Thomas Hill Projects”) because they are essentially one large project and have identical, or similar environmental impacts.

SEQRA strongly prefers related actions to be reviewed together. Considering only part or segment of an action contradicts the intent of SEQR.¹ Lead agencies must consider the cumulative effect of other simultaneous or subsequent actions, and reasonably related long-term, short-term, and cumulative effects must be considered with related actions.² An action is improperly segmented “whenever an agency fails to consider the overall environmental impact of actions that are related by (i) virtue of being components of the same long-range plan, (ii) cause and effect or (iii) the dependency of one action on the occurrence of another.”³ Combining SEQR review for these projects will ensure there is not improper segmentation and ensure the intent of SEQR is being followed.

Environmental impacts of these projects will be virtually identical, and the full environmental impact may not be sufficiently analyzed if review is not combined. These are a non-exhaustive list of examples of the similarities in the proposed Thomas Hill Projects and their potential impacts:

- Both projects are located on the same parcel of land. The address of both projects is 189 Fort Covington St, Malone, NY 12953 for the solar facility and associated electrical appurtenances.
- According to the owner consents, the land parcel has the same landowner.
- The projects have the same applicant, Quantum DPI Group Inc.
- The entirety of both projects will have one singular fence around the Thomas Hill Projects.
- The maintenance plan for these projects is identical.
- The expected timeframes and construction/decommissioning schedule is identical.
- There will be similar glare concerns and concerns about the impact on the Malone-DuFort Airport.
- There will be identical threatened and endangered species concerns.
- There will be similar visual impact concerns.
- There will be similar stormwater prevention concerns.

The Town hopes that the Village will accept the Town’s objection to lead agency and combine SEQRA review of the Thomas Hill Projects. If lead agency cannot be solved, the criteria for the DEC commissioner to determine lead agency is 617.6(b)(5)(v):

- Primary location of an action’s impacts;
- The agency that has the broadest governmental powers for investigating the impacts; and
- The agency that has the greatest capability for the most thorough environmental assessment of the action.

¹ *Sun Co. (R & M) v. City of Syracuse Indus. Dev. Agency*, 209 A.D.2d 34, 46–47 (1995).

² *Matter of Long Is. Pine Barrens Socy. v. Planning Bd. of Town of Brookhaven*, 80 N.Y.2d 500, 512–513; *Matter of Village of Westbury v. Department of Transp. of State of N.Y.*, 75 N.Y.2d 62, 68–71; *Matter of Save the Pine Bush v. City of Albany*, 70 N.Y.2d 193, 205–207; *Onondaga Landfill Sys. v. Flacke*, 81 A.D.2d 1022.

³ § 4:8. Segmented review is generally prohibited—When related activities are a single SEQRA action, 9 N.Y.Prac., Environmental Law and Regulation in New York § 4:8 (2d ed.)

TOWN OF MALONE
REGULAR MEETING
FEBRUARY 28, 2024

The primary location of the impacts are both the Village and the Town because the location of the Thomas Hill Projects are on the border of the Village and Town. Notably, whereas the Village of Malone does not have a solar law, the Town does have a solar law to assist the Town with environmental review. The Town has also performed SEQR with a solar project before. Further, the Town has the greatest capability for thorough environmental assessment because it has consultants to aid them through the SEQRA process.

The Village would still be an involved agency throughout the combined SEQR process. Involved agencies are part of coordinated review which means they provide the lead agency with observations and concerns about the proposed action and its potential environmental impact. If a positive declaration is made, involved agencies also participate in scoping, assist the lead agency in reviewing the draft environmental impact statement, provide formal comments during the public review period, and assist the lead agency in substantive comments on the final environmental impact statement.⁴

Therefore, in conforming with SEQRA, review must be combined for the Thomas Hill Projects and the Town objects to the Village declaring lead agency of the Thomas Hill Village of Malone Solar Farm Project. The Town of Malone should be lead agency of the combined environmental review with the Village as an involved agency.

PHYSICAL CLASSIFICATIONS BY DUTIES OF FIREFIGHTERS

Firefighter “A” - Interior/ Exterior Firefighter (SCBA)

A firefighter in the level “A” category may be required to wear a self contained breathing apparatus (SCBA) or respirator along with appropriate personal protective gear such as full firefighter turn out gear in any hazardous atmospheric conditions. This firefighter should also be capable of using hand tools (axes, pike poles, ladders, etc.) and power tools (chainsaws, demo saws, extrication tools, etc.). In addition, this firefighter will need to be able to stretch and operate hose lines with up to 125 pounds of pressure, and heavy physical exertion for periods of time up to forty minutes.

Firefighter “B-SCBA”- Exterior / Support Role Firefighter (SCBA)

A firefighter in the level “B-SCBA” category must be able to wear appropriate personal protective gear such as full firefighter turn out gear and a SCBA. The “B-SCBA” firefighter performs Non-Interior firefighter support roles including exterior firefighting support, pump operations, aerial apparatus operations, and similar support roles on the fire ground. They must be able to pick up hose lines & equipment, and may be required to load trucks with tools & hose lines, etc.

Firefighter “B” – Exterior / Support Role Firefighter

A firefighter in the level “B” category must be able to wear appropriate personal protective gear such as full firefighter turn out gear. This firefighter will be limited to EMS operations & fire ground support only. They must be able to pick up hose lines & equipment, and may be required to reload trucks with tools & hose lines, etc. (Tanker drivers, EMT’s, MVA support, Fire investigators, etc).

Firefighter “C” - Support Role (No Firefighting Duties)

A firefighter in the level “C” category must be able to wear an ANSI- Compliant Safety vest & helmet. They will be directing traffic, teaching fire prevention, or taking photographs, preparing and delivering meals or lifting light equipment (25 pounds or less). This firefighter will not be required to perform any duties involving heavy exertion or heavy lifting.

Firefighter “D” - Administrative Role (No Firefighting Duties)

A firefighter in the level “D” category will serve as an administrative member only. They will not participate in any on-scene operations. Their duties will include clerical work, meetings and radio operations.

EMS Only “E” – Emergency Medical Services Only (Non-Fire Based)

An EMS/EMT in the level “E” category will perform only EMS duties. The EMS/EMT must be able to wear an ANSI- Compliant Safety vest & Helmet and be able to lift equipment (25 pounds or less). EMT’s must meet New York State physical requirements for EMT certification.

Circle the class of firefighter that this evaluation is being performed for:

Andrea,

It is with great pleasure to inform you that our Exalted Ruler Dan Sheehan has selected you to be our Citizen of the Year recipient. Our ceremony where you will be awarded your certificate will be held on March 16, 2024 at the lodge. Cocktails are at 5:00 pm and dinner will be at 6:00 pm. Kindly let us know how many will attend this ceremony with you so we can plan our dinner arrangements. Also, if possible, could you write up a brief bio of your career so Dan has it when he presents your award? Thank you!

Fraternally,

Ken Harrigan
Lodge Secretary

PHYSICAL CLASSIFICATIONS BY DUTIES OF FIREFIGHTERS

Firefighter "A" - Interior/ Exterior Firefighter (SCBA)

A firefighter in the level "A" category may be required to wear a self contained breathing apparatus (SCBA) or respirator along with appropriate personal protective gear such as full firefighter turn out gear in any hazardous atmospheric conditions. This firefighter should also be capable of using hand tools (axes, pike poles, ladders, etc.) and power tools (chainsaws, demo saws, extrication tools, etc.). In addition, this firefighter will need to be able to stretch and operate hose lines with up to 125 pounds of pressure, and heavy physical exertion for periods of time up to forty minutes.

Firefighter "B-SCBA" - Exterior / Support Role Firefighter (SCBA)

A firefighter in the level "B-SCBA" category must be able to wear appropriate personal protective gear such as full firefighter turn out gear and a SCBA. The "B-SCBA" firefighter performs Non-Interior firefighter support roles on including exterior firefighting support, pump operations, aerial apparatus operations, and similar support roles with the fire ground. They must be able to pick up hose lines & equipment, and may be required to load trucks with tools & hose lines, etc.

Firefighter "B" – Exterior / Support Role Firefighter

A firefighter in the level "B" category must be able to wear appropriate personal protective gear such as full firefighter turn out gear. This firefighter will be limited to EMS operations & fire ground support only. They must be able to pick up hose lines & equipment, and may be required to reload trucks with tools & hose lines, etc. (Tanker drivers, EMT's, MVA support, Fire investigators, etc).

Firefighter "C" - Support Role (No Firefighting Duties)

A firefighter in the level "C" category must be able to wear an ANSI- Compliant Safety vest & helmet. They will be directing traffic, teaching fire prevention, or taking photographs, preparing and delivering meals or lifting light equipment (25 pounds or less). This firefighter will not be required to perform any duties involving heavy exertion or heavy lifting.

Firefighter "D"- Administrative Role (No Firefighting Duties)

A firefighter in the level "D" category will serve as an administrative member only. They will not participate in any on-scene operations. Their duties will include clerical work, meetings and radio operations.

EMS Only "E" – Emergency Medical Services Only (Non-Fire Based)

An EMS/EMT in the level "E" category will perform only EMS duties. The EMS/EMT must be able to wear an ANSI- Compliant Safety vest & Helmet and be able to lift equipment (25 pounds or less). EMT's must meet New York State physical requirements for EMT certification.

Circle the class of firefighter that this evaluation is being performed for:

Class "A"	<input checked="" type="radio"/> Class "B"	Class "B-SCBA"	Class "C"	Class "D"	Class "E"
-----------	--	----------------	-----------	-----------	-----------

Based on my evaluation, the above listed firefighter,

☒ Has no medical or physical condition, which, in my opinion, would interfere with the performance of his/her firefighting duties as a firefighter under classification circled above.

☐ Has a medical or physical condition, which in my opinion, would interfere with the performance of his/her firefighting duties as a firefighter.

4. Users shall not alter in any way the Town of Malone facilities, including but not limited to the erecting of any fencing, seating, buildings, sheds, etc., without the prior written consent of the Malone Town Board.
5. Profanity, objectionable language, disorderly acts or illegal activities of any kind are absolutely prohibited, and those violating this prohibition will be ejected from the premises and may be subject to further law enforcement.
6. Any damage to Town of Malone facilities shall be promptly repaired at the User's expense. Depending on the nature and extent of the damage, the Town of Malone Board reserves the right to use its own personnel to repair the damage or to hire others to repair the damage. The User shall reimburse the Town for all expenses related to the said repair. If Town of Malone personnel are not available, all doors shall be locked and lights turned out when leaving.
7. All Users must clean-up the Town of Malone facilities after use.
8. Permits may be revoked at any time.

9. Any organization with youth under 18 years old shall provide adequate adult supervision at all times during use of the Town of Malone facilities.

10. In case of an emergency, 911 should be called. In the event of any accidents or damage incurred to the Town of Malone facilities, the User shall notify the Town Supervisor (518) 483-1860, as soon as practicable or at the very latest, by the next business day to provide information concerning the accident.

11. All commercial Users, such as organizations, associations, school districts, corporations, etc., shall comply with the following insurance requirements during their term of usage of the Town of Malone facilities.

a). All of the aforesaid Users shall obtain and maintain the following insurance, prior to using facilities: **Commercial General Liability Insurance with limits of \$1,000,000 per occurrence/\$2,000,000 aggregate.**

FAILURE TO DO SO PRIOR TO USE WILL RESULT IN REVOCATION OF THIS USE PERMIT.

b). The User hereby agrees to add the Town of Malone as an unrestricted additional insured on the User's policy.

c). The policy naming the Town of Malone as an additional insured shall:

- Be an insurance policy from A.M. Best rated "secured" New York State licensed insurer;
- Contain a 30 day notice of cancellation;
- State that the organization's coverage shall be primary coverage for the Town of Malone, its Board, employees and volunteers; and
- Additional insured status shall be provided with ISO endorsement CG 2026 or its equivalent.

d). The User agrees to enclose a Certificate of Insurance with this Application/Agreement evidencing the requirements set forth above.

12. During the term of usage of the Town of Malone facilities, all User/permittees who are individuals, shall obtain and maintain **Homeowners Insurance with Section Two coverage with a Liability limit of \$100,000.00.** The policy shall not exclude off-premises activities of the insured. Said individual User/permittee shall provide, with his or her Application/Agreement, a Certificate of Insurance showing the Homeowner coverage, with the required liability limits and notation thereon regarding the coverage for off-premises activities.

13. All Users, commercial and individual, acknowledge that failure to obtain the aforesaid required insurance on behalf of the Town of Malone constitutes a material breach of contract and subjects it/him/her to liability for damages,

indemnification and all other legal remedies available to the Town of Malone. As set forth above, the User is to provide the Town of Malone with a certificate of insurance, evidencing the above requirement have been met. The failure of the Town of Malone to object to the contents of the certificate or the absence of it shall not be deemed a waiver of any and all rights held by the Town of Malone.

14. _____ (Name) of Organization or Individual) does hereby covenant and agree to defend, indemnify and hold harmless the Town of Malone from and against any and all liability, loss, damages, claims, or actions (including costs and attorney's fees) for bodily injury and/or property damage, to the extent permissible by law, arising out of or in connection with the actual or proposed use of Town of Malone's property, facilities and/or services by

(Organization/Individual).

DEC Permit # 5-1648-00098/00001
Mine File #50747
Permit Expiration Date: 06/24/2025
Malone (T), Franklin Co.**

Dear Permittee:

Your modified DEC mining permit renewal and modification authorizing the expansion your life of mine by 6.9 acres, and sign are enclosed. If the permit or permit sign is lost or destroyed, contact this office for a certified copy.

The operation of the mine must comply with the provisions of the New York State Mined Land Reclamation Law, the Rules and Regulations pertaining to the law, the approved Mined Land Use Plan, and the conditions attached to this permit. Be sure to read the permit conditions. They indicate how the mine must be operated and reclaimed. Failure to observe any of these conditions will constitute a violation of the law.

The approved mining plan map referenced on page 2 of the permit shows all areas to be affected by mining until the end of the permit term. All mining activity must be confined within the approved areas.

Before conducting any mining activity not approved under your existing permit, you must apply for and receive a permit modification from the Department.

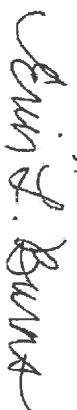

When applying to renew your permit please allow 60 days for processing. If you decide to stop mining, you must file a "Mining Termination Notice" at least 60 days before the expected mining termination date. Notices are available at this office.

This permit does not release you from the need to secure the approval to mine from other State agencies or local governments if required.

Permit Components

MINED LAND RECLAMATION PERMIT CONDITIONS

GENERAL CONDITIONS, APPLY TO ALL AUTHORIZED PERMITS

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

MINED LAND RECLAMATION PERMIT CONDITIONS

1. **No Unpermitted Discharge Outside Limits of Mine** There shall be no natural swales or channels or constructed features such as ditches, pipes, etc., that are capable of discharging waters to any offsite areas or to any areas outside the limits of the Life of Mine except those explicitly described and shown in the narrative and graphic portions of the approved Mined Land Use Plan. All silt laden water and storm water generated on, or running across, the site shall be retained within the approved project area. The permittee must comply with all applicable State Pollutant Discharge Elimination System (SPDES) permit requirements and provide necessary notifications for off-site point source discharges.

2. **Fueling of Equipment and Reporting of Spills** Fueling of equipment shall be controlled to prevent spillage. Any spillage of fuels, waste oils, other petroleum products or hazardous materials shall be reported to the Department's Spill Hotline number (1-800-457-7362) within 2 hours. The permittee shall retain the Department's Spill Response number for immediate access in the permittee's office and at the mine site.

3. **Conformance With Plans** All activities authorized by this permit must be in strict conformance with the approved plans submitted by the applicant or applicant's agent as part of the permit application. Such plans were approved by DEC staff on October 28, 2019 and consist of the following items:

original mining and reclamation plans prepared by Haynes & Smith Associates,
Professional Land Surveyors, and received on April 25, 1994, updated plans
received on September 2, 2004, modified plans prepared by Advanced
Environmental Geology, LLC, and received on August 2, 2019, October 2, 2019.

4. **Strip and Stockpile Soils for Reclamation** Prior to the excavation of previously undisturbed areas, topsoil and overburden shall be stripped, stockpiled separately, and used for reclamation of mined areas. These stockpiles shall be seeded to establish a vegetative cover within 30 days, or as soon as practicable following their construction. The permittee shall locate all overburden stockpiles within the permitted area of the approved Life of Mine. Sufficient quantities of topsoil must be retained on the site for use in reclamation, unless prior approval is granted by the Department.

5. **Bond, Surety to Remain in Force** Any required reclamation bond or other surety, in an amount determined by the Department, shall be maintained in full force and effect. Such a bond or other surety shall not be terminated until the reclamation of the mined area is approved by the department in writing.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION
Facility DEC ID 5-1648-00098

6. **Maintain Area Markers for Permit Term** The permittee shall provide permanent markers such as stakes, posts or other devices acceptable to the Department to identify and delineate the permit area, as outlined on the approved Mining Plan Map. These markers are to be installed prior to the start of mining and shall be maintained for the duration of the permit term.
7. **Dust Control** Water or other approved dust palliatives must be applied to haulageways and other parts of the mine, as often as necessary, to prevent visible dust from leaving the mine property.
8. **Blasting Prohibited** Blasting is prohibited at this site.
9. **Post Permit Sign** The permit sign enclosed with this permit shall be posted in a conspicuous location on the worksite and adequately protected from the weather.
10. **Human or Archaeological Remains** If any human remains or archaeological remains are encountered during excavation, the permittee must immediately cease, or cause to cease, all work in the area of the remains and notify

Regional Permit Administrator
NYSDEC Region 5 Headquarters
1115 NYS ROUTE 86
PO BOX 296
RAY BROOK, NY 12977 -0296

Work shall not resume until written permission to do so has been received from the Department.

11. **Successful Revegetation Standard** Revegetation of the mine site to perennial grasses must be established over a minimum of 75%. Lime, fertilizer, seed and mulch must be applied to reclaim the mine site in accordance with the approved mined land use plan.
12. **No C&D Debris Disposed Within Mine Site** No construction and demolition debris as defined in Title 7 of Article 27 of the Environmental Conservation Law and as implemented by Title 6 of New York Code of Rules and Regulations, Part 360 shall be disposed of within the mine site unless the appropriate Solid Waste Management Facility Permit has been obtained in accordance with Part 360.
13. **No Backfilling above Prior Grades at Mine** There shall be no backfilling and/or deposition of overburden/waste rock above the original (naturally occurring) grades that existed at this mine prior to any mining activities.
14. **Leave Sufficient Materials to Meet Final Grades** Sufficient materials shall be left in place in areas to be sloped (along the perimeter of the mine) to achieve the final approved grades without backfilling.
15. **Equipment at Mines Maintained to Minimize Noise** Equipment operation and maintenance:
 - a. All equipment to be used in mining and mineral processing shall be maintained in proper operating conditions.
 - b. All factory installed or added environmental controls and suppressors and mufflers must be utilized at all times.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION
Facility DEC ID 5-1648-00098

- c. Mining equipment shall be operated in a manner so as to reasonably minimize noise levels during operating hours.
16. **Reclamation of Mine Floor** The final mine floor shall be scarified or ripped prior to the replacement of topsoil and overburden to alleviate compaction.
17. **Cover Large Rocks and Boulders** Large blocks of rocks, boulders or similar materials remaining within the permit area shall be removed or covered with a minimum compacted depth of two feet of cover material with a soil composition capable of sustaining vegetative growth.
18. **No Deviation From Approved Plan** The permittee shall not deviate or depart from the approved mined land use plan without approval by the Department of an alteration or modification thereto.
19. **File Termination Notice** If the permittee discontinues operation, a termination notice must be filed within 30 days of termination of mining activities to the address below:

Regional Mined Land Reclamation Specialist
NYSDEC Region 5 Headquarters
1115 NYS ROUTE 86
PO BOX 296
RAY BROOK, NY 12977 -0296

20. **No Mining Below Final Grade** There shall be no mining below the grades shown on the approved map and/or cross sections in any area of the mine. There shall be no backfilling in any mine floor area in order to achieve the final grades.
21. **Distance From Mine to Property Line** No land within 25 feet of any property or right-of-way boundary may be affected by any mining related activity. When mining is conducted below the level of adjacent property, the horizontal distance from the toe of the mine face to the nearest property or right-of-way boundary must be no less than 25 feet plus 1 1/2 times the depth of excavation.
22. **Mining at Least 5' Above Groundwater** All mining must be conducted at least 5 feet above the mean annual high groundwater table. The permittee must dig occasional test holes in the mine floor at least five feet deep in order to determine compliance with this condition.
23. **No Offsite Materials at Mine** No materials (originating from offsite sources) of any kind shall be brought into this mining operation except those specified in the approved Mined Land Use Plan.
24. **Bury, Remove Wastes** All waste generated by mining activity, including trees, stumps, brush and rock rubble must be buried at the mine site or otherwise disposed of in a manner approved by the Department.
25. **No Importing or Processing Off-Site Materials** There shall be no importation, storage, disposal or processing of materials, of any kind, originating from outside the limits of the life of mine, without first applying for and obtaining a modification to this permit.
26. **Remove Equipment During Reclamation** The permittee shall remove all machinery, equipment, tools and other personal property from the permit area during the reclamation period.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION
Facility DEC ID 5-1648-00098

27. Mine Operation Periods All mining, reclamation and associated activities (including but not limited to: excavating, grading, processing operations, stockpiling operations, haulage operations, and maintenance operations) shall be limited to the following times: Monday through Friday 7:00 a.m. to 5:30 p.m., Saturdays 8:00 a.m. to 2:00 p.m. Operation of the mine is prohibited on Sundays and the following legal holidays: New Year's Day, Memorial Day, Independence Day (July 4th), Labor Day, Thanksgiving and Christmas.

28. Install and Monitor 'Test Pit' The permittee will construct a 'test pit' in the 6.9 acre area that was added to the existing life of mine. This 'test pit' will be constructed no later than May 26, 2020 and will be monitored throughout the year by the permittee. A minimum 5 feet separation between the water table and the pit floor is required.

GENERAL CONDITIONS - Apply to ALL Authorized Permits:

1. Facility Inspection by The Department The permitted site or facility, including relevant records, is subject to inspection at reasonable hours and intervals by an authorized representative of the Department of Environmental Conservation (the Department) to determine whether the permittee is complying with this permit and the ECL. Such representative may order the work suspended pursuant to ECL 71-0301 and SAPA 401(3).

The permittee shall provide a person to accompany the Department's representative during an inspection to the permit area when requested by the Department.

A copy of this permit, including all referenced maps, drawings and special conditions, must be available for inspection by the Department at all times at the project site or facility. Failure to produce a copy of the permit upon request by a Department representative is a violation of this permit.

2. Relationship of this Permit to Other Department Orders and Determinations Unless expressly provided for by the Department, issuance of this permit does not modify, supersede or rescind any order or determination previously issued by the Department or any of the terms, conditions or requirements contained in such order or determination.

3. Applications For Permit Renewals, Modifications or Transfers The permittee must submit a separate written application to the Department for permit renewal, modification or transfer of this permit. Such application must include any forms or supplemental information the Department requires. Any renewal, modification or transfer granted by the Department must be in writing. Submission of applications for permit renewal, modification or transfer are to be submitted to:

Regional Permit Administrator

1115 NYS ROUTE 86
PO BOX 296
RAY BROOK, NY 12977-0296

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION
Facility DEC ID 5-1648-00098

4. **Submission of Renewal Application** The permittee must submit a renewal application at least 30 days before permit expiration for the following permit authorizations: Mined Land Reclamation.
5. **Permit Modifications, Suspensions and Revocations by the Department** The Department reserves the right to exercise all available authority to modify, suspend or revoke this permit. The grounds for modification, suspension or revocation include:
 - a. materially false or inaccurate statements in the permit application or supporting papers;
 - b. failure by the permittee to comply with any terms or conditions of the permit;
 - c. exceeding the scope of the project as described in the permit application;
 - d. newly discovered material information or a material change in environmental conditions, relevant technology or applicable law or regulations since the issuance of the existing permit;
 - e. noncompliance with previously issued permit conditions, orders of the commissioner, any provisions of the Environmental Conservation Law or regulations of the Department related to the permitted activity.
6. **Permit Transfer** Permits are transferrable unless specifically prohibited by statute, regulation or another permit condition. Applications for permit transfer should be submitted prior to actual transfer of ownership.

NOTIFICATION OF OTHER PERMITTEE OBLIGATIONS

Item A: Permittee Accepts Legal Responsibility and Agrees to Indemnification

The permittee, excepting state or federal agencies, expressly agrees to indemnify and hold harmless the Department of Environmental Conservation of the State of New York, its representatives, employees, and agents ("DEC") for all claims, suits, actions, and damages, to the extent attributable to the permittee's acts or omissions in connection with the permittee's undertaking of activities in connection with, or operation and maintenance of, the facility or facilities authorized by the permit whether in compliance or not in compliance with the terms and conditions of the permit. This indemnification does not extend to any claims, suits, actions, or damages to the extent attributable to DEC's own negligent or intentional acts or omissions, or to any claims, suits, or actions naming the DEC and arising under Article 78 of the New York Civil Practice Laws and Rules or any citizen suit or civil rights provision under federal or state laws.

Item B: Permittee's Contractors to Comply with Permit

The permittee is responsible for informing its independent contractors, employees, agents and assigns of their responsibility to comply with this permit, including all special conditions while acting as the permittee's agent with respect to the permitted activities, and such persons shall be subject to the same sanctions for violations of the Environmental Conservation Law as those prescribed for the permittee.

Item C: Permittee Responsible for Obtaining Other Required Permits

The permittee is responsible for obtaining any other permits, approvals, lands, easements and rights-of-way that may be required to carry out the activities that are authorized by this permit.

Item D: No Right to Trespass or Interfere with Riparian Rights

This permit does not convey to the permittee any right to trespass upon the lands or interfere with the riparian rights of others in order to perform the permitted work nor does it authorize the impairment of any rights, title, or interest in real or personal property held or vested in a person not a party to the permit.
